

MARY CHAN

CHIEF OPERATING OFFICER

Mary Chan is chief operating officer of Nikola Corporation, a global leader in zero-emissions transportation and energy supply and infrastructure solutions.

Prior to Nikola, Chan was a Managing Partner at VectoIQ, where she assisted with the public launch of Nikola Corporation. She served as President of the Global Connected Consumer group at General Motors (GM) and built the next generation of connected infotainment products and OnStar broadband data services. She led the industry's first launch of 4G LTE connectivity across GM's global brands in the U.S., China, Europe, and Mexico.

Chan joined GM from Dell Inc., where she was Senior Vice President and General Manager of Enterprise Mobility Solutions & Services.

Prior to Dell, Mary held various EVP and SVP executive positions at Alcatel-Lucent and Lucent Technologies Inc. as President of 4G/LTE Wireless Networks and President of Global Wireless Networks. She led the Wireless Business Unit with responsibilities across product management, R&D, and system deployment with a revenue stream greater than \$7B.

Chan was previously named the "Top Woman in Wireless" by the Fierce Wireless Industry Daily.

Chan serves as an independent Board of Director for Magna International, SBA Communications, and CommScope. She holds a Bachelor of Science and Master of Science degree in Electrical Engineering from Columbia University.
